A Breath of Light · A Return to Self

N° 1

THE INVITATION

The dyers' souk — colour still made by hand

A Breath of Light A Return to Self

An escape in the heart of Marrakech where beauty meets travel —
imagined as a sensory interlude, where light embraces you and time
softens

Not just a programme. A lifestyle — an immersion in beauty, self-care,
and the art of living.

N° II

MARRAKECH

The Morocco I love — shared with you

A city of colour and light — hidden gardens,
palms and bougainvillea, the light at dusk

For years I have known it from the inside:
its medina, its riads, its artisans

Here we celebrate life a little — gardens and art,
a mint tea in a quiet corner, a dinner
where one can linger

N° III

TWO ARTISTS, ONE RADIANCE

Hair & make-up · Blandine

HAIR & MAKE-UP — WITH BLANDINE

I show you, then you do it yourself —
we practise together, hands on your own
face, so you can recreate your glow at home

Movement & breath · Ulla

MOVEMENT & BREATH — ULLA

Ulla — my sister, my friend of 25 years:
yoga, pilates & meditation, a grounding
return to your body, your breath, yourself

Together we have created a sensory escape designed to soothe,
realign and reveal the most radiant version of you

N° IV

THE BEAUTY

Beauty is an alignment between who you are and how you express yourself

The real glow — nothing chichi

Skin that looks like skin

I don't change you — I optimise

*you bring your own kit — I show you on yours, mine only when it serves
you better · well-chosen products that work · less is more*

DAY ONE · EASY GLOW

Instant radiance, healthy hair & make-up — a fresh glowy base in minutes,
no heavy foundation · the signature, trained every day

DAY TWO · 5-MIN CHANGE

Go for a drink — a subtle enhancement: a soft pencil, a touch of shadow,
a messy bun · day to evening in minutes

DAY THREE · SUBTIL SEXY

Day & night — intensity: extra glow, a more accentuated hairstyle,
the eyes or lips or both, always with an effortless spirit and chic
sophisticated, still wearable, always easygoing

Beauty is not something to add — it's something you allow to appear

sensual · authentic · less is more

N° V

THE RHYTHM

*Four days, one gentle rhythm —
not a schedule, but space to breathe*

MORNING

Yoga & meditation with Ulla, then hair & make-up — where you learn by doing,
hands on your own face, while I guide and refine alongside you

THROUGHOUT THE DAY

Yours: the medina, a garden, the spa, the pool, a walk through the new city —
or simply rest, a quiet hour before dinner

LATE AFTERNOON

Movement again with Ulla, then we train hair & make-up together once more —
so you can recreate your glow at home

EVENING

Dinner in a beautiful place — and back home, however late, a soft
wind-down with Ulla: a little yoga or meditation, gently, before sleep

Come as you are — you are already enough

N° VI

THE DESERT'S EDGE

La Pause — off-grid, at the edge of the desert

One afternoon and evening at La Pause — an off-grid haven at the desert's edge in the Agafay: no electricity, no noise, only candlelight and open sky
we arrive as the light softens — the pool, movement or meditation, stillness

Then the fire is lit — dinner under a Bivouac tent, nomad but chic,
beneath the stars, a taste of the wild just beyond the city

N° VII

A SIGNATURE MOMENT

Susie

I see the world through a lens — so a few natural portraits will find you along the way, freshly made-up, in the light of a garden or the desert's edge, over tea or dinner. Yours to keep

Never posed — just you

"I never thought I could do my own make-up with just my fingers and so few tools — and have it look this good · I feel more confident, and I look brighter"

— SUSIE, ENGLAND

COME TOGETHER

*Marrakech invites you — not to become someone else, but to
remember the woman you are*

Drop the filters · let go of expectations · breathe

I will be by your side — with my hands, my eyes, and all the love I have
for authentic beauty
